### **AdvantageHealth Opens New Office In Denver**

The demand for corporate health promotion programs in the health-conscious Denver metro area has prompted AdvantageHealth to establish an executive office in the suburb of Broomfield. "We are very excited about this move, which was initiated by the high demand for wellness programming from our current Colorado clients and the opportunity to meet the needs of new clients," states Co-founder Michael Olson. "We anticipate positive growth as we establish an even greater presence in Colorado."

AdvantageHealth is no stranger in Colorado though, as the company currently provides wellness programming to a variety of Fortune 1500 companies within the Denver metro area and participates in local wellness conferences and workshops. The expansion will provide a home base for the company's Denver area Wellness Services Coordinator and numerous professional health educators. The expansion will also allow AdvantageHealth staff greater ability to provide services on a larger scale, meeting the needs of bigger clients, and the ability to reach outstate, beyond the Denver, Colorado Springs and Fort Collins metro areas.

AdvantageHealth Corporation is dedicated to providing best-in-class health promotion resources to businesses, community organizations and educational settings. AdvantageHealth manages a variety of national, award-winning health promotion programs and offers a wide array of wellness services such as:

- Wellness Program Management and Consulting
- Preventive Screenings & Assessments
- Targeted Behavior Change Programs
- Wellness Seminars
- Group Exercise
- Specialty Programming
